Mobility and Migration: the Perspective of Written Culture
17-18 June 2016

**Mobilities and Migrations: Reflections on Empirical and Theoretical Frameworks in a
Global Perspective**

HOERDER, Dirk
Emeritus Professor
Arizona State University
dhoerder@asu.edu

Abstract:

I will first discuss broad societal approaches to migration against the foil of narrow state-centered narrations. I will, second, summarize innovative approaches and their sources since the 1970s. Third, I will move back in time and take a perspective from the outside, from Noricum-Bavaria to Syria-Constantinople.
