The Power of Logoi

The Philopatris revisited

The anonymous *Philopatris* (*Patriot or the student*) does not enjoy great popularity with students of Byzantine literature. They are mostly interested in the date of its composition and its ideological agenda. Only very recently did Anna Peterson shift the focus of the discussion to the way in which the ancient tradition was appropriated in the *Philopatris*.

In my paper I will propose a new possible interpretation of this dialogue as a discussion of the power of *logoi*.
